<u>This Society Notes:</u>

- Mishandling of meat during previous barbecue led to gastrointeritis: Joseph was flat-bound and Santi was hospitalised.
- There are currently 2 barbecues per year.
- At a previous barbecue, there was a lack of everything except lemonade.
- It is the general opinion that we need more barbecue events.
- At previous events, the barbecue coal poker was the leg of a barbecue.
- The rate of grilling presented a bottleneck due to high demand.

This Society Believes:

- Creation of a Barbecue Officer Executive Role will lead to:
    - Improved organisation at barbecue events as the Barbecue Officer will be able to focus on one specific job.
    - This will improve the reputation of the Society as one that hosts smoothly executed events.
    - Lower costs through planning in advance to procure equipment and food at lower prices.
- Barbecue Officer will be able to organise more barbecue events during the year.

This Society Resolves:

- To amend section 9.3.1 to include a Barbecue Officer

    9.3.1.i. Barbecue Officer

- To amend section 9.8 to include the role of the Barbecue Officer

    9.8.15. Barbecue Officer

        9.8.15.a. The Barbecue Officer will be responsible for coordinating the Computing Barbecue events.

- To hold a By-Election for the Barbecue Officer Executive Role before Saturday 12 December 2026
