Motion to Recognise the DCS Building as an Honorary Society Member

Proposer: Panagiotis Kouzaris (5792112)

Seconders:

- Zach Ettinger (5770647)
- Mafi Illumina (5678455)
- Jake Lu (5688973)
- Joseph Lawler (5679205)
- Segev Ash (5709666)

This Society Notes:

1. The DCS building provides accommodation for a substantial proportion of the Society's activities.
2. It is present throughout events held within it and continues to accommodate Society equipment after members have departed.
3. No instance of misconduct by the building in the Society's Discord server has been brought to the proposer's attention.

This Society Believes:

1. The building's sustained contribution merits recognition equivalent in ceremony to that afforded to an honorary member.
2. Its inability to complete a membership application should not prevent the Society from expressing its appreciation.

This Society Resolves:

1. To recognise the DCS building as an Honorary Society Member for ceremonial purposes only.
2. To request that the Secretary record this recognition and issue a certificate addressed to the building.
3. To declare the building ineligible to hold office on the grounds that it is already occupied.
4. To specify that this recognition creates no Students' Union or constitutional membership, voting entitlement or contribution towards quorum.
5. To permit presentation of the certificate within the building, thereby ensuring that the recipient is present.
