This Society Notes:

- ☐ The Society regularly runs milk-themed social events, including Milk Monday and Milk Midnight.
- ☐ These events contribute to Society culture, identity and engagement from members.
- ☐ Responsibility for sourcing, transporting and distributing milk for these events is currently informal and inconsistent, and takes a toll on the budget of whomever takes on the role. This can place unnecessary pressure on existing exec members and risks disruption to other events, such as Friday Night Gaming.

This Society Believes:

- ☐ The introduction of a role dedicated to supplying milk, for events such as Milk Monday and Milk Midnight, would enhance the togetherness of the society and the greater health of it's members.
- ☐ Milk-themed events encourage informal social interaction and help foster a welcoming atmosphere within the Society.
- ☐ The Milk Officer would also be able to assist the Treasurer in finding milk sponsors over the summer, to benefit the Society's finances when purchasing supplies for Milk Monday and Milk Midnight.
- ☐ Delegating milk-related responsibilities to a dedicated role would reduce organisational burden on other exec members and improve accountability surrounding these events.

This Society Resolves:

- ☐ To add the following role to the constitution under Section 9.8 Additional Officers

9.8.15 Milk Officer

9.8.15.a The Milk Officer will coordinate and oversee milk-related Society events, including but not limited to Milk Monday and Milk Midnight.

9.8.15.b The Milk Officer will be responsible for sourcing, transporting and distributing milk and

related supplies for such events.

9.8.15.c The Milk Officer will work with the Treasurer to identify and coordinate sponsorships, donations or discounts relating to milk and associated food and drink items where appropriate.

□ - To amend Section 9.3.1 as follows:
